

## Description

Leon's Horizon Denza transforms the soundbar into a modern home furnishing. A soundbar and floating shelf in one, Denza is handcrafted from Baltic Birch with internal cabinet space to house two channels of audio with additional storage space for AV components like the OTO MCA 200 amplifier, or the SONOS AMP®.

## Key Features

- Includes UX ultra-thin or reference-grade ULTIMA speakers for an immersive listening experience
- Available in 60" and 72" models, or any custom dimension
- Internal cabinet space accommodates the OTO-MCA-200 amplifier, SONOS AMP, or other AV components
- Standard Finishes: Black or White with exposed Baltic Birch plywood edge (call for custom finish options)
- Includes French Cleat to mount flush to the wall

Note: Horizon Denza is NOT load rated;  
call for ADA compliant options
