

FM-10G-DA-1M

10G SFP+ Passive Copper Direct Attach cable – 1 Meter

Features

- Broadband serial data rate operation: 10Mbps to 12 Gbps
- Single contained 10G connection solution
- Power Level I: 15 mW per cable end
- 100 Ohm differential impedance
- Retractable pin latch
- Pull to Release latch design
- 360° cable braid crimp
- Enhanced EMI skirt design
- AC-coupled inputs and outputs
- Compliant with SFF-8431

Applications

- 10 Gigabit Ethernet over short distance
- High bandwidth backplane between Switches/NAS/Servers in a rack
- Low Power / Low Heat solution
