

OUTDOOR SPEAKERS

OD25, OD26, GA10 SUBWOOFER

OUTDOOR SPEAKERS

OD25, OD26, GA10 SUBWOOFER

The Triad Outdoor Speaker System with Garden Array Subwoofer is a family of premium, all-weather outdoor speakers that are the perfect combination of aesthetics, sound, and durability. This family includes the OD25 and OD26 Outdoor Satellite speakers and, for additional low-frequency bass reinforcement, the powerful GA10 Subwoofer. These speakers are the perfect choice for rich, beautiful outdoor entertainment.

The OD25 and OD26 Outdoor Satellite speakers feature an adjustable bracket for easy, discreet mounting to all surfaces. They also feature the same Acoustiperf grill as all of the Triad indoor speakers, but in an anti-corrosion aluminum alloy material for outdoor durability.

The compact—yet powerful—GA10 Subwoofer is designed for both above- and below-ground installations so the bass can be located exactly where you want it—on the patio or deck, or buried near a pool, gazebo, or pergola. Kits are available for either type of installation. The Triad Outdoor Speaker System, combined with the Garden Array Subwoofer, is the perfect choice for scalable outdoor entertainment.

FEATURES

- IP66 all-weather enclosure and design
- Compact size, designer friendly

OD25, OD26

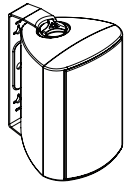

- Proprietary baffle design and internal components for great sound
- Weather-resistant, acoustic suspension enclosure available in either black or white finish
- Aluminum, non-corrosive grill
- Adjustable vertical or horizontal mounting system
- Premium, gold-plated binding posts

GA10 SUBWOOFER

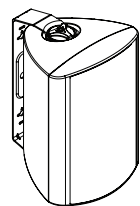

- 10" long-throw, weather-resistant, composite woofer
- Can be mounted above or below ground with optional Foot or Underground kits (sold separately)
- Maximum power handling 300 watts
