Triad's Basic & Custom Finishes are available for this product. The standard finish for this product is White paint. For any other colors, please refer to Triad's Custom Match Finish program for this product.

## INWALL SILVER/4 SAT

The newly redesigned InWall Silver/4 Sat is the perfect choice for distributed audio where you want exceptional sound, or as a primary listening speaker in a moderately sized room. It features a small footprint, stunning accuracy, and the handsome Acoustiperf grill can be custom paint matched at Triad to match your decor, at a modest additional charge. The InWall Silver/4 Sat uses an improved tweeter; a 1" soft dome. A new 6.5" woofer was designed to provide extended bass response for rich fullness at background listening levels.

A fully engineered and braced enclosure yields uniform results in all applications, and without the annoying bleeding into adjacent rooms that you get from all open back inwall speakers. For a reasonable price, the InWall Silver/4 Satellite is an exceptional performer and a solid value.
